Quest, Inc. Launches Quest CARES Fund for Furloughed Employees

Orlando, Florida (June 23, 2020) – Quest, Inc., a non-profit organization serving individuals with developmental disabilities throughout the Orlando and Tampa regions, announced today the establishment of the Quest CARES Fund. With support from loyal donors and Quest, the Quest CARES Fund will aid Quest employees who have had their income disrupted due to the impact of COVID-19. The fund will be facilitated by the Heart of Florida United Way.

"This fund is a way for us to show our furloughed staff that we truly empathize with what they are going through," said John R. Gill, Quest, Inc.'s President and CEO. "In addition to continuing to cover medical benefits for our team, we felt this is the right time to offer additional help."

Through the Quest CARES fund, Quest employees can apply for up to $500 annually in assistance to help with utility payments, rent, mortgage, food vouchers and other essential needs.

"We're thankful to our loyal donor base who helped make this possible," said Gill. "The Heart of Florida United Way has done an amazing job facilitating this campaign and they've made it easy for our team members in the Orlando and Tampa regions to access the fund. Our team members have dedicated their lives to Quest's mission and we will continue to find innovative ways to offer help through this challenging time."
